**RKSPORT FRONT GRILL INSTALL**

**Tools needed- Drill bit size 1/4in. – screw driver**

- 1. YOU NEED TO PULL BACK THE BLACK STOCK FRONT GRILL OFF THE CAR**
  - There are two clips on the bottom of the black grill that you need to remove.
  - There is one clip on each side of the grill that you need to remove
  - There are three clips on the top of the grill, these will be hard to remove you will see your bumper bow out as you pull (that's ok).
- 2. MOUNT THE RKSPORT GRILL WHERE IT BEST FITS YOUR CAR**
- 3. DRILL ONE HOLE ON EACH SIDE OF THE GRILL IN TO THE BUMPER**
- 4. SCREW THE PLASTIC FASTENERS IN TO BUMPER**
- 5. WHEN INSTALLING THE MESH ON TO THE GRILL MAKE SURE THE MESH IS FLUSH WITH THE OUTSIDE OF THE GRILL**
